Message from the President

Dear members of the Prince George's County community,

I hope this message finds you all in good health and high spirits. I am writing to share with you an important update on the ongoing work of Nonprofit Prince George County (NPGC) and a significant transition that will shape our future for fiscal year 2023.

First and foremost, it is with great pride that we reflect on NPGC's impressive 22-year history of service. From its inception, we have been dedicated to making a positive impact within the Prince George's County community. We have endeavored to address critical issues, support local initiatives, and provide valuable resources to those in need.

Today, I am pleased to announce a momentous transition within our organization. After serving diligently from its inception, I will be stepping into the role of President Emeritus, allowing new leadership to take the helm for FY 23. It has been an incredible journey to be part of NPGC from the beginning, and I am excited about this new role as it enables me to continue my commitment to the nonprofit community of Prince George's County. As President Emeritus, I will focus on being a senior advisor who will provide guidance, ongoing support, and advocacy.

This transition is a testament to the resilience and adaptability of NPGC. As we embrace this change, we reaffirm our dedication to the nonprofit community. We are excited about the future and the opportunities it brings for continued growth and impact. I want to assure you that NPGC remains steadfast in its mission, and we will continue to work tirelessly to support the people and initiatives that matter most to our community.

We are deeply grateful for the trust and support you have shown us over the years. Your contributions, partnerships, and involvement have been instrumental in our success, and we look forward to continuing this collaborative journey in the years ahead.

Together, we will ensure that NPGC remains a beacon of hope.

Testimonials

I am beyond pleased to be a member of NPGC for it is an organization that allows to me to connect with other non-profit organizations, share similar issues and concerns, and formulate or utilize tested solutions. NPGC advocates for that which matters most to non-profit organizations. The diversity of NPGC membership allows for input and perspectives from those whose challenges and experiences differ from my own. NPGC membership provides networking opportunities, access and/or referrals to Subject Matter Experts, and professional development through its various training seminars and workshops. The newsletter from NPGC keeps members up to date on current events and provides information and the output from prior events. I view NPGC as a trusted source of news and information and an all-around valuable resource.
